ALL-COUNTY LETTER NO. 79-46

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: FY 79/80 COST OF LIVING INCREASES

## REFERENCE:

AFDC BENEFITS

Attached for your information is an advance copy of the regulations reflecting the AFDC/IRAP cost-of-living increases which were filed today with the Secretary of State. These regulations reflect the new figures for maximum aid, MBSAC, and the in-kind figures, and are effective July 1, 1979.

This effective date will require that counties supplement those warrants issued since July 1, 1979. The method of supplementation will be at the county's discretion. The most administratively effective and fiscally prudent method should be employed.

For food stamp purposes, retroactive payments received by public assistance households shall be considered as nonrecurring lump-sum payments in the month received per Manual Section 63-501.11. It would also be administratively advantageous to apply the new Standard Deduction (\$70) and child care/shelter deduction (\$90 maximum) when adjusting the individual case file with the AFDC cost-of-living increase if such deductions have not already been made.

SSI/SSP BENEFITS

SSI/SSP recipients received an interim cost-of-living adjustment on July 1, 1979. Revised SSI/SSP benefit levels have now been established and will also be effective July 1, 1979. The final benefit levels will be reflected in ongoing SSI/SSP checks as soon as administratively possible, hopefully by October 1, 1979. Increases in benefits over those paid in the interim months will be made retroactively.

Division 46 of the EAS Manual is being amended to reflect the SSI/SSP benefit levels effective July 1, 1979. Copies of the revised regulations will be mailed to all counties as soon as they are filed.

The following chart details the SSI/SSP benefit levels for FY 1979-80:

Aid to the Potentially Self-Supporting Blind (APSB)

As provided by W & I Code Section 13100 (a) and (b), APSB recipients are entitled to the same benefits as established for blind individuals and couples receiving assistance under the Supplemental Security Income/State Supplementary Program (SSI/SSP), plus any cost-of-living adjustments received by blind recipients. Division 47 of the EAS Manual is being amended to reflect the new APSB benefit levels effective July 1, 1979. Copies of the regulations will be mailed to all counties as soon as they are filed.

In accordance with these provisions, the benefit levels in the APSB Program commencing with the month of July 1979, are as follows:

- All Living Arrangements Except Non-Medical Board and Care

Individuals	\$399.00
Couple (both APSB recipients)	776.00

- Residents of Non-Medical Board and Care

Individuals	\$402.00
Couple (both APSB recipients)	804.00

Counties are to use the Notice of Action Form ABCD 239.25 to inform recipients of the revised APSB benefit levels. Line out references to the EVH Program.

IN-HOME SUPPORTIVE SERVICES

Pursuant to Sections 12303.5, 12303.7, and 12304 of the Welfare and Institutions Code (W & I Code), the maximum allowance grants to recipients of In-Home Supportive Services (IHSS) were increased effective July 1, 1979. Accordingly, the total cost of In-Home Supportive Services shall not exceed \$460 per month for nonseverely impaired recipients and \$664 per month for severely impaired recipients. The increased benefit ceilings will remain in effect through June 30, 1980. The In-Home Supportive Services (IHSS) restaurant meals allowance increased to \$38 for an individual and \$76 for a couple effective July 1, 1979.

Effective July 1, 1979, the following changes should be made to the allowances and exclusions shown on forms SOC 294 A (IHSS Income Eligibility - Adult) and SOC 294 C (IHSS Income Eligibility - Child):

1) SOC 294 A

- Change allowances in column B, row 2a to \$104.10.
- Change amounts in column B, row 6 to \$104.10.
- Change allowance in column B, row 19 to \$104.10.

2) SOC 294 C

- Change allowances in Column A, row 2a to \$104.10.
- Change allowances in column A, row 6b to (1) \$416.40 and (2) \$624.60.
- Change allowances in column A, rows 7b and 8i to (1) \$208.20 and (2) \$312.30.

These changes are effective for the period July 1, 1979 through June 30, 1980. Updated forms will be made available as soon as possible.

IRAP benefits are the same as AFDC.

The following facts constitute the emergency:

1. Welfare and Institutions Code, Section 11453, as amended by Chapter 348 of the Statutes of 1976, requires that Aid to Families with Dependent Children (AFDC) grant levels and the Minimum Basic Standard of Adequate Care (MBSAC) level be adjusted effective July 1, 1979, in accordance with the cost-of-living formula in Section 11453.
2. Since the effective AFDC and MBSAC levels were determined too late for the state to revise its regulations mandating AFDC and MBSAC levels effective July 1, 1979, on a non-emergency basis, the attached regulations must be filed on an emergency basis.
3. Since without this increase in grant levels recipients will not be able to maintain their present purchasing power these proposed regulations are necessary for the immediate preservation of the public health and general welfare.

Informative Digest

Section 11453 of the Welfare and Institutions Code as amended by Chapter 348 of the Statutes of 1976 requires that, for Aid to Families with Dependent Children (AFDC), the Maximum Aid Payment (MAP) and Minimum Basic Standard for Adequate Care (MBSAC) be adjusted annually. Current regulations do not reflect the cost-of-living increase determined in accordance with Section 11453. The proposed regulations reflect the cost-of-living increases effective July 1, 1979, as applied to the MBSAC in Sections 44-207.212 and 44-212.2; the MAP in Sections 44-315.411; and related computation examples in Sections 44-133.313 and 44-353.241. In addition, the values for in-hand income contained in the current regulations are amended by the proposed regulations to reflect the same cost-of-living increases as applied to Section 44-115.8.

- .83 If an applicant or recipient presents satisfactory evidence of the value of a need item shared with persons who are not members of the FBU, the in-kind value attributable to the FBU shall be the lesser of:

- (1) their prorata share of the net market value or cost of the item, or
- (2) the value listed in Section 44-115.81 for the FBU.

(Thus, if an FBU of three shares free housing with another person, making a household of four, and the applicant or recipient presents satisfactory evidence that the net market value of the housing is \$120, the in-kind income value of the housing to the FBU would be \$90. If the net market value of the housing is \$200, in this example, then the FBU's prorata share of this amount would be \$150 —however, the figure of \$132 from the tables in .81 would be used as the value of the housing because the tables represent the maximum in-kind income value that may be applied.)

Regardless of his immediate need, every recipient of a cash grant shall be certified for basic and extended health care under the Medi-Cal program. The specific scope of basic and extended health care available to public assistance recipients and procedures applicable in authorizing vendor payments for such care are set forth in Medical Assistance Regulations. A "recipient" as used herein, includes an eligible person for whom, in the month the medical care is received:

- .1 A cash grant payment is made; or
- .2 The authorized grant is reduced to zero to adjust for an overpayment (see Section 44-335.221a); or

**44-353 WILLFUL OVERPAYMENTS (Continued)****44-353****.241 Grant Adjustment****(a) Period**

The adjustment period is 12 months following the month of discovery. If the recipient files a request for a state hearing within the one year filing period, the overpayment adjustment is suspended. If the overpayment adjustment has been suspended due to a request for a state hearing, the adjustment period following the state hearing decision sustaining the proposed adjustment shall be 12 months less the number of months the county had to adjust the overpayment prior to its suspension. The adjustment period following the state hearing decision shall begin the first of the month following the date the county receives the decision.

**Example:**

The county discovers the overpayment in April. The overpayment adjustment period is from May through April. The county begins adjustment of the grant effective July 1. A request for state hearing is made in November. The county suspends adjustment effective December 1.

A decision denying the claim is received in January. The county may adjust for a total of five (5) months following the date the county receives the decision. (12 months minus 7 months (i.e., May through November).)

**(b) If the overpayment is to be recovered by the grant adjustment method, the following limitations apply:**

- (1) The adjustment shall not cause the grant amount plus net nonexempt income to fall below the needs of the children unless there are available resources.

For the purposes of this section, the needs of the children are defined as the Minimum Basic Standard of Adequate Care (MBSAC) (44-212.2).

- (2) If there are available resources, the grant may be further reduced in the amount of the available resources.

Available resources are those assets that can reasonably be converted to cash during the adjustment period. These are defined to include:

(aa) Exempt income of parents and members of the FBU.

(bb) The property items included in the personal property maximums set forth in Section 42-207.6, in addition to the value of any exempt automobile(s). These items shall be considered only once during the adjustment period.

**For example:**

Mr. Smith has been overpaid \$1500. He has one exempt automobile with a net value of \$300 and one insurance policy with a cash surrender value of \$200. The \$500 of personal property can only be used once during the adjustment period.

**(3) Example #1**

Overpayment is \$1,000. FBU is 5 (2 parents and 3 children). Resources are \$40 exempt income per month. Net nonexempt income is \$21. There are no other resources.
